Department of Insurance

ICC Members Present: Cindy Jackson, Tiffanie Allain, Ginny Mahoney, Nicole Cossette, Lisa Opert, Leona Adamczyk, Sharon Marie, Julie Hall, Bethanne Vergean (representing UCEDD), Senator Ceci Maher, Robb Dunn, John Lamb, Anne Giordano

ICC Members Absent: Elaine Balsley, Shonda Easley, Representative Linehan, Ann Milanese, Donna Maitland-Ward, Gerard O'Sullivan (pending appointment), Karen Pascale, Louis Tallarita, Maris Pelkey, Lauren Black, David Gonzalez-Rice, Tammy Venenga

Meeting called to order at 9:00 AM by Cindy Jackson ICC Chair

Introductions: Cindy Jackson introduced American School for the Deaf (ASD) Executive Director, Jeff Bravin, who welcomed the ICC and families to their campus. Mr. Bravin shared information about programs offered at ASD. Cindy Jackson introduced both Commissioner Beth Bye and Deputy Commissioner Elena Trueworthy from the Office of Early Childhood.

Public Comment:

No public comment.

Old Business:

Approval of the February 2023 minutes: Tabled until June meeting.

Updates from Committees since February 2023 meeting:

Legislative/Fiscal Committee Members are advocating at the LOB for current proposed bills SB2 and HB6644. SB2 includes reimbursement for interpreters for Spanish Speaking families (ICC Retreat 2022 outcome around Equity) and continuation of GAP rate of \$200 per child. HB6644 includes language around transition.

Education and Outreach Committee Members focus has been on this current meeting in supporting families presenting at today's Family Focus Event. Following today, the focus will return to the planned family engagement event at Camp Harkness this summer.

System Support/Personnel Development Committee Members met on Zoom to discuss some short-term steps: need for continued funding to staff supervising student placements and marketing materials and partnering with new Ed Outreach hire once onboarded with the Office of Early Childhood.

New Business:

Nicole Cossette shared Lead Agency report. See below.

Family Focus Event, chaired by Leona Adamczyk, included seven families present at the meeting, sharing their Birth to Three experiences with the ICC. There were also 3 families who recorded short videos that were played during the meeting. An additional five written statements from families were read aloud during the meeting. Experiences shared were both positive stories and stories that offered opportunities for improvement. Shared themes from the families included the need for more awareness that Birth to Three is available, the need to know families can ask for another provider and program when unhappy, the appreciation for their early intervention teams that supported them in their homes, the wish for continuation of supports following their children turning 3, the appreciation for the connection to CPAC and their mentors, and the challenges families are facing after they have transitioned to Part B services in their school districts.

Priscilla Irvine, from the Office of Special Education Programs (OSEP), shared a short presentation on the Federal Perspective of Family Engagement.

Nicole Cossette shared short presentation on CT's Family Survey results.

Next Meeting: scheduled for June 5, 2023. Location to be determined.

State Systemic Improvement Plan (SSIP)

Parents will be able to describe their child's abilities and challenges more effectively as a result of their participation in Early Intervention.

FFY20-25 SPP / APR SSIP

- The Annual Performance Report (APR) and State Systemic Improvement Plan (SSIP) was submitted to the Office of Special Education Programs (OSEP) on January 30, 2023. Thank you to all the reviewers!
 - The final APR and SSIP Report is posted here: [Annual Performance Reports – Birth23.org](#)
 - The Office of Special Education Programs (OSEP) Week of Clarification begins April 11, 2023.

Fiscal Enhancements

- The Office of the Attorney General (AG) approved the finalized Public Consulting Group (PCG) contract and it is now fully executed.
- The Lead Agency posted the Federal Part C Application here: [Annual Part C Application – Birth23.org](#)
 - This application is due on May 24, 2023.
 - This application is based on FFY22-23 budgets as appropriations have not been finalized.
 - We will continue to apply for the State Incentive Grant (SIG) to support the summer extension option.
 - There is a new General Education Provisions Act (GEPA) form.
- 1915(b)(4) waiver renewal has been posted for public comment.
 - Thank you to our partners at the Department of Social Services (DSS).
 - This has been a longstanding waiver that the OEC has worked with DSS on since 2017.

Education Outreach

- The position for Education Outreach at the Office of Early Childhood in the Birth to Three division, which includes Child Find and Public Awareness responsibilities and Interagency Coordinating Council (ICC) staff support, was posted and closed on March 31, 2023. Sabrina Crowe will continue to support this position until filled and new staff is onboarded.
- Website updates continue.
 - Birth to Three website calendar of events has been updated and is fully functioning. The calendar includes training for professionals and parents, parent events, and Communities of Practice meetings.
 - Updates to the Towns page should be live soon.
- Additional outreach events have been scheduled for the summer and fall of 2023 with various library groups across the state.

Leadership Grant

- Cohort 2 participants are working diligently on their local projects. They have presented their reports and many of which focused on transition outcomes.
- Cohort 3 recruitment will begin in the coming months with a focus on aspiring leaders in the system.
 - There will be an in-person aspect in the next cohort.

- The next Annual Performance Report (APR) is due in May.

Personnel Development Grant

- Infant Toddler Family Specialist (ITFS) update: Two additional candidates have piloted the exam, feedback was provided and incorporated into the final version. The guidance manual has now been developed with related resources for perspective candidates going forward. The first candidate is moving on to the “implementation” phase with 4 representative observations soon to be scheduled. The Lead Agency appreciates all the candidates and their supervisors willingness to collaborate on this project.
- The coaching year 3 TA groups are generally 4 TA sessions in and moving toward the six required to submit for grant reimbursement. It is important to support the continued timely process to meet grant deadlines for submission.
- The next Annual Performance Report (APR) is due in May, and a final report on the grant will be due in January 2024.

Personnel Development

- The Circle of Security initiative is wrapping up. The final group of 8 week trainings has concluded. There are a few additional staff on a waitlist who are seeking facilitator training. The Lead Agency is working with our Department of Children and Families (DCF) partners to get a registration slot for as many staff as possible who originally applied for the Facilitator training.
- The summer Student Placement applications went out last week with the provider update. This will be the last application with the current funding. The Lead Agency has received favorable feedback and suggestions from some programs voicing the desire for continued funding. The Lead agency will propose a small focus group to determine how best to modify and incorporate feedback from the stakeholders.
- BDI-3 materials (English and Spanish versions) are working their way through the ordering process. Due to the large order size, this will be in two separate disbursements and will be directly delivered to programs. The Lead Agency will reach out regarding kits allocated for each program. If a program does not want some or all of the kits designated for them, the kits will be stored at OEC.

General Supervision

- A written complaint was submitted by a parent in January. Findings of non-compliance for 211 Child Development and a program were found.

Data

The enrollment and fiscal data requested by the ICC on a regular basis is attached.

Connecticut Office of Early Childhood Birth to Three System Monthly Enrollment Data

ON CONNECTICUT'S ANNUAL STATE APPLICATION
UNDER PART C OF IDEA
FOR CONNECTICUT BIRTH TO THREE SYSTEM'S
FEDERAL FUNDING

Posted: March 16, 2023

Connecticut's Federal Application for Part C funds under the Individuals with Disabilities Education Act (IDEA) for Federal Fiscal Year 2023 is currently out for public comment until April 26, 2023. This document can be found on the Birth to Three Website – under About Birth to Three > Annual Part C Application on the left menu or by following this link: <http://www.birth23.org/aboutb23/fedapp/>.

Written comment on the application must be submitted by 5:00 p.m. on Friday, April 28, 2023. Comments should be sent to the attention of Nicole Cossette, by mail at the Office of Early Childhood, 450 Columbus Boulevard Suite #205, Hartford, CT, 06103-1835; by Fax 860-622-2789 or by e-mail: Nicole.Cossette@ct.gov.

Two public hearings concerning the proposed application will be held as follows:

1. Monday, April 17, 2023 from 11:00 a.m. to 12:00 p.m. remotely at the link below:

The Family Survey

What do we report out on the family survey?

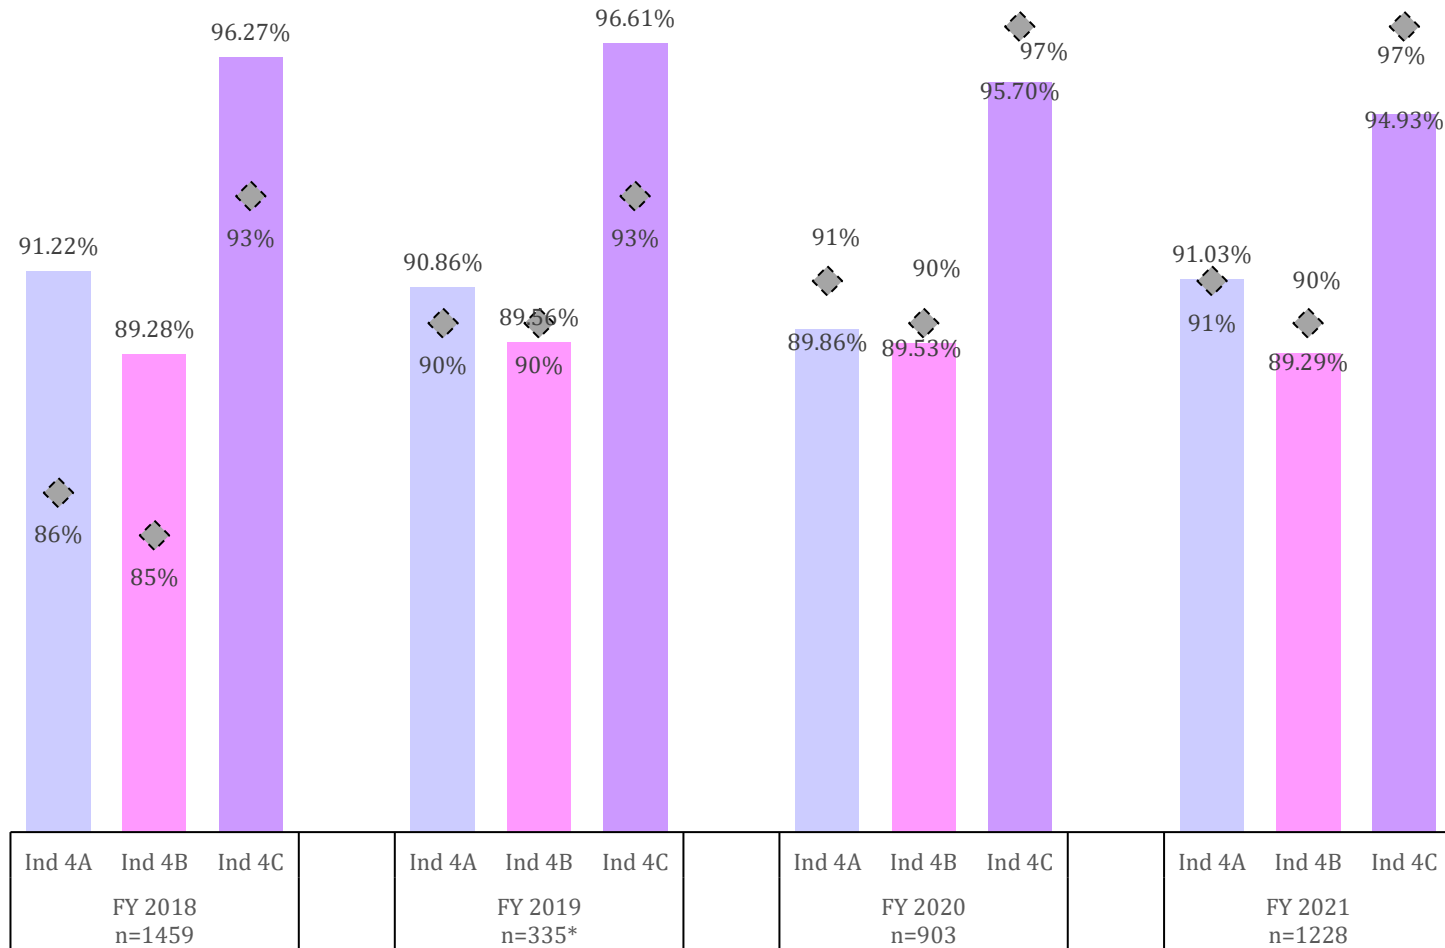

Indicator 4 of the SPP/APR focuses on the percent of families participating in Part C who report that early intervention services have helped the family:

4A Know their rights

4B Effectively communicate their children's needs

4C Help their children develop and learn

For FY 2021, the Birth to Three System in Connecticut met the OSEP target for indicator 4A, but did not meet the OSEP targets for indicator 4B or 4C.

* Important Note - Connecticut's family survey population size took a dip during reporting for FY 2019 (7/1/18-6/30/19). These surveys were distributed during spring 2020 and the results need to be interpreted with a Covid-19 lens. We are currently trending towards pre pandemic numbers for survey completion.

Legend:

- ◆ represents the OSEP generated target for each indicator. The targets are based on historical data for the state and change yearly.
- represents the percent of families who report that services have helped the family know their rights (Indicator 4A)
- represents the percent of families who report that services helped the family communicate their children's needs (Indicator 4B)
- represents the percent of families who report that services helped their children develop and learn (Indicator 4C)

What do our families say about B23?

We are very thankful to Birth to 3 family. The staff was amazing, professional, always available and patient with my child. I learned so much from them and they helped my child thrive. I cannot thank you enough.

Es bueno sentir que hay programas y personas dentro de mi comunidad con los mismos sentimientos y necesidades en las cuales podemos encontrar apoyo.

It's good to feel that there are programs and people within my community with the same sentiments and needs in which we can find support.

It is a very good program, for all parents to be able to start on the fastest way to understand and help children with disabilities. We always have that support so we don't feel sad or confused. Thank you

Our family's experience has been amazing. Our therapist is wonderful, patient, understanding, & caring. She has helped us by leaps and bounds.

What is next?

The lead agency team is working with an external educational consultant, Dr. Bonnie Keilty, to review both the questions used and methods for distribution for the 2023 family survey. We are looking to include questions on cultural responsiveness and equity within the Birth to Three System as a whole, in addition to evaluating the current questions and their benefits.

Look for the new and improved family survey coming end of Spring 2023!
