

Community of Practice-COSP

Date: 06/12/23 Time: 2:00 pm

Agenda

Reflections, thoughts, and questions from the last meeting.

1. Benchmark COSP facilitators are running a group with their own staff, who didn't attend the 8 weeks, as a way for the facilitators to practice running COSP and getting the COSP 8 week experience to more staff..
2. Another thought was to provide support to new facilitators by pairing them with a mentor facilitator; who could run the 8 weeks with them. We have several seasoned veterans through Cheshire who might be interested. I think there could be a work around this for the mentor to be paid as well by utilizing the state's peer to peer training option?
3. We could also offer opportunities in Cheshire for a B-3 facilitator to observe other facilitators remotely running a group and having them present one or two chapters with their support.
4. A few B-3 facilitators may want to try taking turns presenting a chapter or a "part of a chapter" with Donna and Jen's support at our community of practice meetings.
5. If a COSP Facilitator is needed on a one to one with families, Cheshire COSP team may be of assistance to provide that support by putting one of them on the IFSP.
6. Review Billing COSP.
7. Supporting daycares with COSP.
